LIST OF OFFICIALS, 1929.

BROOKWOOD MENTAL HOSPITAL.

Medical Superintendent:
J. A. LOWRY, M.D.

Senior Assistant Medical Officer:
R. N. B. McCORD, M.B., D.P.M.

Second Assistant Medical Officer:
T. PATON, M.B., B.Ch., D.P.M.

Third Assistant Medical Officer:
E. P. BOYLE.

Chaplain: Rev. D. W. MONEY, M.A.

Hospital Clerk and Steward: Mr. C. A. EKINS, A.R.San.I., A.I.S.A.

Matron: Miss D. L. FINNEMORE.

Head Attendant: Mr. H. LOWE.

Honorary Consulting Staff:
Surgeon—L. G. HIGGINS, M.B., F.R.C.S.
Physician—W. J. ADIE, M.D., M.R.C.P

NETHERNE MENTAL HOSPITAL.

Medical Superintendent:
P. C. COOMBES, M.R.C.S., L.R.C.P.

Senior Assistant Medical Officer:
L. M. WEBBER, M.R.C.S., L.R.C.P.

Second Assistant Medical Officer:
J. H. EWEN, M.R.C.S., L.R.C.P., D.P.M.

Third Assistant Medical Officer:
T. REES, M.R.C.S., L.R.C.P.

Chaplain: Rev. A. E. CARSON, M.A.

Hospital Clerk and Steward: Mr. A. A. PASCOE, F.C.I.S.

Matron: Miss E. M. WEBB.

Head Attendant: Mr. F. SINCLAIR.

Honorary Consulting Staff:
Surgeon—H. L. JAMES, M.D., M.S.
Physician—C. C. TUDGE, M.B., B.S.

W. HALL, *Clerk to the Visiting Committee.*

SURREY COUNTY MENTAL HOSPITALS.

Annual Report of the Visiting Committee

(Pursuant to the Lunacy Act, 1890, Sec. 190).

Presented to the County Council at their meeting held on the 25th day of November, 1930.

To the County Council of Surrey.

The Visiting Committee submit their Report for the year ended 31st December, 1929, together with the audited accounts to 31st March, 1930.

At the meeting held on 6th May, Col. the Hon. A. G. Brodrick, A.D.C., was re-elected Chairman of the Committee, and Mr. E. A. Medus was re-elected Vice-Chairman.

Seven meetings of the Committee and 56 meetings of the Standing Sub-Committees were held during the year. In addition, meetings of special Sub-Committees were held, and frequent inspections of the buildings and grounds of the two Mental Hospitals were carried out in accordance with the provisions of the Statute.

The normal accommodation in the two Hospitals is as follows :—

Brookwood.	*Netherne.*	*Total.*
1,419 Beds.	1,000 Beds.	2,419 Beds.

On 1st January, 1930, there were 18 patients chargeable to out-County Unions, 93 private patients, 65 Service patients, and 2 patients received from other Mental Hospitals under Contract. The total number of patients in the two Institutions was 2,421, being 2 in excess of the authorised accommodation.

Since your Committee's last Annual Report the erection of a Reception Hospital at Brookwood has been completed, and the building was formally opened by The Lord Lieutenant of Surrey (Lord Ashcombe, C.B., T.D.) last month. This block provides an additional 88 beds, thereby bringing the total normal accommodation at that Hospital up to 1,507 beds.

The following tables show the numerical changes in patients at both Hospitals during the year :—

BROOKWOOD MENTAL HOSPITAL.

Remaining Dec. 31, 1928.		Since admitted.		Discharged recovered.		Removed, etc.		Died.		Remaining, Dec. 31, 1929.	
M.	F.	M.	F.	M.	F.	M.	F.	M.	F.	M.	F.

1388		260		62		62		126		1398	

NETHERNE MENTAL HOSPITAL.

Remaining Dec. 31, 1928.		Since admitted.		Discharged recovered.		Removed, etc.		Died.		Remaining, Dec. 31, 1929.	
M.	F.	M.	F.	M.	F.	M.	F.	M.	F.	M.	F
375	610	87	141	22	28	28	48	21	42	390	633
985		228		51		76		63		1023	

The following table shows the number of deaths occurring at the Mental Hospitals during the past two years, as compared with the average number of patients in residence :—

	1928.		1929.	
	No. of Deaths.	Percentage of average No. of Patients.	No. of Deaths.	Percentage of average No. of Patients.
Brookwood ..	77	5.58	126	9.04
Netherne ..	75	7.9	63	6.24

The total number of recovered cases was 113 as compared with 112 in 1928.

The buildings and machinery and other contents have been maintained in an efficient state of repair.

The following items of expenditure need no comment :—

	Brookwood.			Netherne.		
	£	s.	d.	£	s.	d.
Ordinary Repairs	8,920	1	7	8,085	18	11
Additions, alterations and improvements under £400 ..	261	11	0	277	15	1
New buildings (voted by County Council)	30,361	2	1	858	18	0

Commissioners of the Board of Control have visited the Netherne Mental Hospital during the year, and their report will be found on page 29. No visit was made to Brookwood during the period under review.

Members of the various Boards of Guardians paid visits and recorded in the visiting book their appreciation of the treatment of the patients.

Six pairs of cottages for occupation by members of the staff were erected at Brookwood.

Builders' tenders for further extensions at the two Mental Hospitals have recently been accepted, and the buildings to be erected will provide accommodation for an additional 120 patients at Brookwood and 480 at Netherne, and the necessary staff.

At the request of the Standing Joint Committee a small portion of the Brookwood Mental Hospital Estate was appropriated for the purpose of being used as a site for a police house.

The acquisition of more pasture land at Brookwood became necessary in order to replace considerable portions of the Hospital Estate which had been allocated to housing purposes, and for the Reception Hospital. On your Committee's recommendation the Council purchased 16¼ acres of freehold land adjoining the Hospital Estate.

Under the provisions of Section 284, Lunacy Act 1890, a sum of £5,000 was transferred from Brookwood to Netherne during the year.

The rules for the guidance of nurses, attendants and servants at the two Mental Hospitals have been revised and brought up to present day requirements.

Miss J. M. Adams resigned her appointment as Matron at Netherne in September, 1929, after completing 20 years' loyal service. Your Committee have placed on record their appreciation of her services to the County.

The vacancy in the post was filled by the promotion of Miss E. M. Webb, Assistant Matron at Brookwood.

Sums paid in respect of superannuation allowances during the financial year ended 31st March last, and in the previous year were as follows :—

Brookwood.		*Netherne.*	
1929-30.	1928-29.	1929-30.	1928-29.
£3,887 2s. 10d.	£3,700 0s. 1d.	£2,365 3s. 8d.	£2,023 5s. 2d.

The average weekly cost of maintaining the patients at the two Mental Hospitals during the past financial year was approximately 21s. 10¾d., and the weekly rate charged to the various Boards of Guardians in the County was 21s. 7d., thus showing that the Committee worked at a loss of 3¾d. per patient per week. Statements showing how the average cost at each Hospital was arrived at are printed on pages 12(*a*) and 12(*b*).

At the date of this Report the maintenance rate stands at 21s. 7d. which is considered sufficient to meet the needs of the two Hospitals for the remainder of the current financial year.

The following is a record of attendances of members for the year :—

Name.	Visiting Committee (7 meetings).		Sub-Committees (56 meetings).	
	Summoned.	Attended.	Summoned.	Attended.

Turton-Hart, Mrs.	7	4	30	19
Verran	7	6	24	23
Wootten	7	5	26	23

The Committee once again desire to place on record their appreciation of the devotion shown by the Medical Superintendents, Officers and Staffs in carrying out their respective duties during the year.

Signed on behalf of the Committee this 10th day of November, 1930.

ARTHUR BRODRICK, Col.,
Chairman.

APPENDIX Ia.

23, Couchmore Avenue,
Esher,

March 8th, 1930.

To the County of Surrey Lunatic Asylums Visiting Committee.

Gentlemen,

I have to report the completion of the audit of your accounts, and of those of your officers, for the year ended at the 31st March, 1929.

Brookwood Mental Hospital.

Wages.

If officers or workmen are unable to attend for their salary or wage at the usual time, it is the present practice to pay the wages on the production of a proxy slip. The receipt for the wage or salary is signed, however, not by the person receiving the amount, but at a later date by the person to whom the wage is due. It is desirable that the immediate recipient should sign for the wages at the time of receiving them, the proxy form being attached to the wages sheet on which his signature appears.

Gas and Water Accounts.

Although the Engineer keeps a record of the gas and water meter readings, the accounts received from the Water and Gas Company had not been checked with the Engineer's records or certified by him as being correct.

Inventory.

Although provision is made on the invoices for reference, when applicable to the Inventory, no such reference appeared on the invoices for the year under review. It is most desirable that every purchase of new furniture or equipment should be readily linked up with the entry in the inventory.

NETHERNE MENTAL HOSPITAL.

Farming and Gardening Account.

The year's working as recorded by the books resulted in a loss of £448 7s. 10d., as compared with a loss of £142 8s. 6d. for the previous year. It is of interest to note that although the supplies to the Hospital and receipts from sales during the year amounted to £5,613 3s. 2d., as compared with £7,396 17s. 2d. for the Brookwood Farming and Gardening Account, the expenditure on wages was £3,050 15s. 0d. at Netherne and £2,499 7s. 10d. at Brookwood.

General.

Stock.

The stock lists presented to the Committee at the end of each quarter include only the stocks of provisions, necessaries, and canteen. It is desirable that at the 31st March in each year a complete stock list be presented, setting out clearly the differences between the stock as recorded in the books and the actual stock as certified by the Stocktaker.

Superannuation.

It is observed that the value of uniforms supplied to the Nursing Staffs is not regarded as an "emolument" for the purpose of the Asylums Officers' Superannuation Act, 1909. Section 16 of the Act defines "Emoluments" as including all fees, poundage and other payments made to any established officer or servant as such for his own use, and also the money value of any apartments, rations or *other allowance* in kind appertaining to his office or employment. In the case of Netherne Mental Hospital, extra duty payments to Engineers and Pigmen as such did not appear to have been taken into account for superannuation purposes.

My thanks are due to your officers for their assistance at audit.

I am, Gentlemen,

Your obedient Servant,

(Signed) S. W. JARVIS.
Assistant District Auditor.

APPENDIX Ib.

4, Southend Road,
Beckenham,
Kent.

22*nd July*, 1930.

To the Surrey Asylums Committee.

Gentlemen,

I have to report the completion of the audit of your accounts, and of those of your officers, for the year ended at the 31st March, 1930.

I. Brookwood Mental Hospital.

No matter arose at audit of sufficient importance to necessitate special mention. Minor matters were discussed with the Clerk and Steward, who undertook to adopt the suggestions made.

II. Netherne Mental Hospital.

It was observed that the Clerk and Steward has been in the habit of cashing cheques for officers out of money received on behalf of the Committee. There is greater excuse for this procedure here than in most places, the nearest bank being fully two miles away, but it has the effect of neutralising, to some extent, certain valuable audit tests, and should be discouraged.

Long investigation was necessitated by the state of the Farm Account, the figures submitted tending to shew that the value of potatoes produced was £624 7s. 3d. in 1928-9 and only £94 3s. 5d. in 1929-30. After making full allowance for difference of season, reduction of area planted with potatoes, etc., the discrepancy is too large, and I was convinced, after very full inquiry into detail, that neither figure can be trusted. No record is kept of the quantities raised, but they are arrived at by merely taking the quantities issued and the stock as certified to be correct, the amount produced being the resultant difference. As the issues are recorded in money, and the pricing has, to say the least of it, been somewhat unsystematic, such a method is wholly untrustworthy. The amount destroyed through spoilage is nowhere recorded. And even the stock-

taking affords little ground for confidence, in view of the following passage which occurs in a letter written by the valuer to the Clerk and Steward on the 14th April, 1930:—

> "Herewith please find Draft Valuation in this matter, amounting to £7,040 5s. 10d. . . . . I should be glad if you would look through the same, making any alterations that you consider necessary, and return to myself, when I will have a fair copy prepared for the Committee."

The naiveté of the suggestion may, perhaps, be taken as proof that it had no improper motive; and the readiness with which the Clerk and Steward produced the letter acquits him of any complicity in it. But I find it very difficult to understand the mentality of a professional man who could write in this manner, when employed to make an independent valuation for the Committee's satisfaction. The valuation should be sent to the Committee's Clerk, and the Clerk of the Asylum should not be allowed to see it until he has balanced his accounts in draft. Then any discrepancies should be the subject of investigation.

I am, Gentlemen,

Your obedient Servant,

ROBERT T. L. PARR.
District Auditor.

APPENDIX II.

To the Visiting Committee of the Surrey County Mental Hospital, Brookwood.

MR. CHAIRMAN AND GENTLEMEN,

I have the honour to present the Annual Report of the Medical Superintendent for the year 1929. The Statistical Tables are appended, and also the Financial Accounts prepared by the Clerk to the Hospital.

The changes that have occurred among the patients are as follows:—

	M.	*F.*	*T.*
Number of patients in Hospital on December 31st, 1928	553	835	1,388
Admitted	123	137	260
Discharged recovered	21	41	62
Removed	30	32	62
Died	56	70	126
Remaining on December 31st, 1929 ...	569	829	1,398

These numbers show an increase of 16 men, a decrease of 6 women, a total increase of 10 patients. There were 26 more admissions than in 1928, but only 2 above our average number for the past five years. Sixty-two patients were discharged as recovered, and 27 were sufficiently well to permit of their discharge to their friends; the recovery rate being 26·27 per cent., practically the same as the previous year.

The death rate was considerably higher at 8.96 per cent., as against 5·58 last year. But although so much higher, the general health of the patients was very good, and we were free from all epidemics, except for a rather widespread outbreak of influenza in the spring, 48 members of the staff, and 114 patients being affected. 9 patients developed influenzal broncho-pneumonia, and of these 3 died.

The increase in the number of deaths was due, however, principally to the fact that we have a very large accumulation of senile cases; and of our deaths, 55 were 65 years of age and over.

General paralysis of the insane was the cause of death in 21 instances.

During the year, Dr. McCord has taken over the care of all general paralytics, and treatment by induced malaria was adopted in 10 cases; 5 of these cases have since died, 3 remain unchanged, and 2 are much improved.

One inquest was held during the year. In this instance, a female patient was received in an unconscious condition, and died 10 hours after admission. The jury returned a verdict of Death from Natural Causes.

Five female patients sustained fractures of small bones due to accidental falls, and one male patient sustained a fracture of the humerus, the result of being accidentally pushed down by another patient.

Two male parole patients broke their parole, and left the Hospital. They remained at liberty for 14 days, and were therefore discharged, by operation of the law.

One afterwards returned voluntarily and asked for re-admission.

Three other patients attempted to escape, but were brought back to the Hospital after a few hours.

Mr. Higgins, our Consulting Surgeon, performed 5 major operations for us, all successfully, during the year; he paid us many visits, and his services were of special value to the Hospital.

One female patient attempted suicide by swallowing a needle. An X-ray examination revealed the needle in her larynx, and it was successfully removed by Dr. Jobson, of Guildford.

Two Commissioners of the Board of Control visited the Hospital on January 7th and 8th.

Dr. Forward, the Headquarters Inspector of the Ministry of Pensions, visited the Hospital, and examined all service patients on June 6th.

Deputations from the Richmond, Hambledon, Guildford, Chertsey and Farnham Boards of Guardians visited the Hospital, and paid us a farewell visit during the year.

The structure and decoration of the Hospital has been maintained in good repair.

Important items completed include:—

The extension of the nurses' home.
Twelve cottages for the staff.
Extension of the fire station.

Electrically heated plate-warmer to all wards in main building.
Alterations to mortuary.
Lagging to steam and hotwater pipes.
Heating:—
Attendants' billiard room.
F.8 Ward dormitory.
Laundrymaids' quarters.
Fire main to farm buildings.

Works at present in progress include:—
Reception hospital of 88 beds.
Automatic telephones.
Electric tell-tale clocks.

Dr. Barber left in November on his appointment as Second Medical Officer to the Bristol City Mental Hospital. The vacancy has been filled by the appointment of Dr. E. P. Boyle, from the Durham County Mental Hospital, Sedgefield.

I much regret to record the death of Charge Nurse Josephine V. Marsh, after nine and a half years' service. She was a very able nurse, and had endeared herself to her patients. Her death was a cause of real sorrow to the Hospital. Nurse Marsh was a widow, her husband having been killed in the Great War. With the consent of the Minister of Health, you returned her Superannuation Contributions to her young daughter.

Pensions were granted to Attendant H. Henwood, after 23 years' service; to Attendant R. E. Jones, after 33 years' service; to Charge Attendant G. Goody, after 26 years' service; and to Charge Nurse E. Newell, after 24 years' service. To all these we are indebted for their long and faithful service, and we parted with them with great regret.

Attendant E. Chapman was pensioned after 14 years' service, owing to infirmity.

Miss Webb, Assistant Matron, left in September on being promoted to the position of Matron at Netherne Mental Hospital.

The vacancy was filled by the appointment of Miss Graham, from Royal Asylum, Montrose.

The general conduct of the staff has been very good. We have, however, suffered from frequent changes in the probationer nursing staff. These changes throw a very heavy burden indeed on the more senior nurses and attendants, and I must give a special word of commendation to the Charge and Deputy Charge Nurses and

Attendants for their unremitting efforts to aid their patients, and, by their example, to train the junior staff in habits of kindliness and self-control.

The Medical Staff, the Matrons, Head Attendants and the Sister Tutor have, as in previous years, spent much time and labour in the technical training of the staff, 2 members of which were successful in obtaining the nursing certificate of the Royal Medico-Psychological Association; 70 members of our staff now hold this certificate.

To my Medical colleagues, to the Clerk and Steward, and to the Matron and Head Attendant, I am again indebted for their unvarying help in all that works towards the efficiency of the Hospital.

I cannot end my report without an acknowledgment of the unceasing support, consideration, and personal kindness which I have received from you, Mr. Chairman, and from the Members of the Committee.

I have the honour to be,

Mr. Chairman and Gentlemen,

Your obedient Servant,

J. A. LOWRY, M.D.,

Medical Superintendent.

SURREY COUNTY MENTAL HOSPITAL, BROOKWOOD.

CHAPLAIN'S REPORT, 1929.

St. John's Vicarage,
Woking,
Surrey.

Throughout the year ending 31st December, 1929, I had the assistance of my two curates, Rev D. R. Evans, B.A., and the Rev. Captain F. E. Lamb, R.N., in carrying out the Chaplain's duties.

Services were conducted in the Hospital Church on Sundays and special Days such as Good-Friday and Christmas-Day, as follows:—

On 1st Sunday in each month there was held a Service of Holy Communion with hymns at 9.30 a.m. (Short Ward Services in the afternoon in M. 11, F. 9, F. 10, E.).

On 2nd Sunday, Morning Prayer and Sermon in the Church at 9.30 and Evening Prayer and Sermon at 3.15 p.m.

On 3rd Sunday, Morning Prayer and Sermon at 9.30 a.m. (Ward Services in the afternoon, as above under 1st Sunday).

On 4th Sunday, same as 2nd.

On 5th Sunday, Morning Prayer and Sermon at (9.30 a.m.). No Service in the afternoon.

On Festivals (*e.g.*, Christmas, Easter Sunday and Whit Sunday) I engaged the services of the Rev. W. F. T. Hamilton to assist me, and he conducted a Service of Holy Communion for the Staff only at 8 a.m. and Morning Prayer with Sermon and a 2nd Celebration of the Sacrament for the Patients and Staffs at 9.30. I conducted an afternoon Service on Easter Sunday and Whit-Sunday myself.

On Week-days (excepting Monday only) brief Morning Prayers of 20 minutes' duration were held in the Recreation Hall at 8.15 a.m., and were conducted by my Colleagues or myself with occasional help from Mr. W. J. Sidery, Organist and Schoolmaster in Knaphill, for which I remunerated him.

Regular visiting was carried out weekly by my colleague, Mr. Evans and myself in the Wards, and by the Rev. F. E. Lamb in the Hospital Cottages. Special attention was given to the Infirmary Wards. Once again it is my pleasure to express my appreciation of the invariable courtesy received from all members of the Hospital Staff during the carrying out of the Chaplaincy duties.

If, in conclusion, I might venture on one small suggestion, it would be in the form of a request that a small Chaplain's Notice Board, covered with green baize or felt and some 18in. x 15in. in dimensions, might be provided and placed somewhere in the front hall not far from the Porter's room. It would serve a useful purpose in regard to occasional notices affixed thereon giving information about special Services, etc., or events of interest in one of the Churches in the Parish as *e.g.*, a Confirmation by the Bishop of Guildford.

D. W. MONEY,

Chaplain.

SURREY COUNTY MENTAL HOSPITAL, BROOKWOOD.

ROMAN CATHOLIC CHAPLAIN'S REPORT FOR THE YEAR 1929.

St. Dunstan's,
Woking,
July 26th, 1930.

I beg to submit my Annual Report for the year 1929.

"I held a service weekly for the R.C. Patients. Only a few, however, were able to be present, as the majority of patients are not well enough to go to service. During the year four men were admitted and three died, seven women were admitted and two died, while five were discharged.

I administered the Sacraments to ten patients on the danger list, of whom three died and the rest recovered."

H. E. PLUMMER.

APPENDIX III.

Netherne Mental Hospital,
Coulsdon, Surrey.

Mr. Chairman, Ladies and Gentlemen,

I have the honour to present the 21st Annual Report of the Medical Superintendent, together with the Statistical Tables for the year 1929. The numerical changes that have taken place among the patients are summarised as follows:—

	Males.	*Females.*	*Total.*
In the Mental Hospital on December 31st, 1928:	375	610	985
Rate supported	304	551	855
Private	33	59	92
Service	38	—	38
Admitted during 1929	87	141	228
Total under Treatment	462	751	1,213
Discharged during 1929:—			
Recovered	23	28	51
Relieved	22	46	68
Not improved	5	2	7
Not insane	1	—	I
Died	21	42	63
Remaining in the Hospital on December 31st, 1929:—			
Rate supported	318	574	892
Private	34	59	93
Service	37	—	37
Criminal	1	—	1
Total	390	633	1,023
Average number resident	380	629	1,009

The Admissions.—There were 228 admissions during the year, and of these 204 (75 males and 129 females) were direct admissions. The chief ætiological factors were Senility 20·5 per cent., the critical periods of life (Adolescence and Climacteric) 19 per cent. and Insane Heredity 17·6 per cent. There was a great preponderance of melancholic over maniacal states.

The Discharges.—During the year 127 patients were discharged, of whom 51 were discharged "Recovered," 68 "Relieved," 7 "Not improved" and 1 "Not insane." There is an increasing tendency

on the part of relatives to apply for the discharge of patients under Section 79 of the Lunacy Act. The Committee, in many cases, grant a probationary period on leave, on the expiration of which the relatives are required to attend at the Hospital to report to the Committee and to sign the Statutory Undertaking, or to bring the patient back. The recovery rate calculated on the direct admissions was 25 per cent., males 30·6 per cent. and females 21·7 per cent.

The Deaths.—There were 63 deaths during the year. Senility was the chief cause of death and was responsible for 25·4 per cent. of the mortality. Two patients died from Pulmonary Tuberculosis and four from General Paralysis. Autopsies were performed in 57·1 per cent. of the deaths. The death-rate on the average number resident was 6·2 per cent., the lowest recorded since the opening of the Hospital, in spite of the fact that 15 patients of an unfavourable type, or 23·8 per cent., died within a month of their admission. There was no inquest during the year.

Escapes and Accidents.—One male and three female patients escaped during the year. One female, who was not captured within the statutory period, was discharged by the operation of the law. Two male and five female patients sustained fractures of bones through accidental falls.

Visits.—Mr. S. T. Fraser Macleod, K.C. and Dr. A. Rotherham, Commissioners of the Board of Control, visited the Hospital on November 25th. Their report is appended. Dr. E. L. Forward, Ministry of Pensions Headquarters Inspector, visited the Service patients on August 7th. Deputations from the Croydon, Epsom, Dorking, Reigate and Richmond Guardians visited their respective patients during the year.

Staff.—I am glad to report that Dr. J. H. Ewen obtained the Diploma in Psychological Medicine during the year. Miss J. M. Adams, Matron, retired on pension in September after 20 years. Her pleasant, cheerful personality, her strong sense of duty and her devotion to the patients under her care made her deservedly popular with both Staff and patients. Miss E. M. Webb, Assistant Matron at Brookwood, was appointed in her place. Nurse Alice Kelley, who had been seconded by the Committee for three years' General Hospital training, resumed duty on July 9th. Three nurses and three attendants obtained the Nursing Certificate of the Royal Medico-Psychological Association, two nurses and one attendant passing with distinction. Three nurses and seven attendants passed the Preliminary examination.

Works Department.—List of works during year ended 31st December, 1929: —

Provision of Petrol Pump.
Weighbridge asphalted.
New Pig Shelter.
Hot water service storage tanks in observation ward.
Loose Boxes, Woodplace Farm.
Planing Machine, Joiner's Shop.
Water Supply to Sewage Beds.
Laundry Machinery.
Outside Painting.
Re-decoration, Female Isolation Hospital.
Repairs to Storage Battery.
Repairs to Leadwork on Roofs.
Re-building Chambers at Sewage Works.
Enclosing Yard to new loose boxes at Woodplace Farm.

General.—In January, February and March two nurses and four male patients suffered from Typhoid Fever. These cases formed part of a small epidemic (9 cases in all) which began in the latter part of 1928. Dr. S. E. Gill, Inspector of the Board of Control, visited the Hospital on March 26th. He approved generally of the methods of treatment, curative and preventive, being adopted, but made certain valuable suggestions which were carried into effect.

Five major operations were performed by our Consulting Surgeon, Mr. H. L. James, and both he and Dr. C. C. Tudge, our Consulting Physician, were of great help to us during the year.

The Fireman and members of the Hospital Fire Brigade were given a course of instruction by the Chief Officer of the Purley Fire Brigade. The fire appliances have been brought up to date, the Committee authorising an expenditure of £500 for that purpose.

The conduct of the Staff was good, and I desire to acknowledge my indebtedness to them. I have also to thank my medical colleagues, the Clerk and Steward, and the other Officers for their loyal and willing help. In conclusion, I wish to express to the Visiting Committee my grateful appreciation of their continued confidence, consideration and support.

I have the honour to be,

Your obedient Servant,

P. C. COOMBES,

Medical Superintendent.

SURREY COUNTY MENTAL HOSPITAL, NETHERNE.

CHAPLAIN'S REPORT FOR 1929.

April, 1930.

Ladies and Gentlemen,

All the Services were maintained during the past year, including those of Holy Week. We have had the usual Services and Celebrations in the Wards for those unable to come to Church. The Wards and Airing Courts were regularly visited, the patients who are able readily to respond and appreciate the visits.

There were laid to rest in the Cemetery during the past year fourteen members of the Church of England, four males and ten females.

We continue to derive much help in the Church Services from the Choir, now composed of Male and Female Nurses only.

Through the kindness of a member of the Committee we have received a number of illustrated papers which are very acceptable to the patients. We are very grateful for them.

Offertories in the Chapel during the past year amounted to £9 18s. 7d., which has been forwarded to the Mental After-Care Association, who acknowledge with gratitude the addition to their funds.

I am most thankful for the continued help and interest of all members of the Staff.

Yours faithfully,

ALFRED E. CARSON, M.A.

SURREY COUNTY MENTAL HOSPITAL, NETHERNE.

REPORT OF R.C. CHAPLAIN FOR 1929.

Officiated at Mass 50 times. Missed twice through illness.

Number of attendances, 744.

August 26th, gave Last Rites to J. F.

November 16th, gave Last Rites to M. M.
M. M. died January 22nd, 1930.

Paid several visits to sick patients at odd times.

B. McFADDEN,
R.C. Chaplain.

APPENDIX IV.

Surrey Mental Hospital,
Netherne,

November 25th, 1929.

It appears from the figures returned to us to-day, that there are a few vacancies on the male side, but there is overcrowding on the women's side, and we understand that the whole question of providing further accommodation here and at Brookwood is at present receiving consideration.

Since the last visit a useful shelter has been erected in North Villa airing court in connection with the ward where the children are quartered, a fish fryer has been installed in the main kitchen, and a hydro, washing machine and clothes press have been added to the laundry appliances.

We were glad to hear that the Chief Officer of the Purley Fire Brigade has gone thoroughly into the means provided for dealing with an outbreak of fire, including the instruction of the Hospital Fire Staff, and that the Committee have resolved to provide further appliances at an outlay of £500.

The Committee have also authorised the provision of labels indicating the area of the various day rooms and dormitories, they have purchased some three dozen new seats for the use of patients in the airing courts, and have made some improvements in the Mortuary in the provision of curtains to separate the slabs. We do, however, hope the Committee will go further and, as so easily might be done with the space at their disposal, fit up this space so as to form a real viewing room where friends could pay their last respects to deceased patients in really suitable and reverential conditions. In asking them to do this we are asking for no more than has been done at so many Mental Hospitals throughout the country.

We must again return to the provision of letter boxes in the wards, a subject in which not only our Board but the Royal Commission have expressed clear views. We hope that this question and the suggestions of our Board in reference to notices as to correspondence will receive further consideration.

The Hospital is in all respects in capital order; the patients were without complaint, except in some few instances where appeals were

made for discharge, and, indeed, appeared to be as contented and well satisfied with their surroundings and treatment as the circumstances permit. Evident attention is given to their dress, the diet appears to be good and ample, though some have full parole a more limited freedom within the grounds is permitted to 37 men and 20 women. Short leave is granted to some and the system of granting trial is liberally used.

We understand that every endeavour is made to induce patients to engage in some form of work, but think that more useful and beneficial occupations might be carried out were, as is the case in so many hospitals, an officer appointed whose special duty it would be to seek out and train patients in other forms of work than those carried out in the shops, laundry, etc.

We are glad to know that an endeavour is made to trace the friends of unvisited patients and hope that this endeavour is not limited to the cases of patients who request this to be done, but that steps are taken to induce friends or relations to visit those whom it is noted are not in fact visited.

Since March 22nd, 1928, there have been 384 admissions, and as a result of other changes amongst the patients there are 388 males and 631 females on the books, in all 1,019. Four patients are on trial and a like number on short leave, so that there are in residence 388 males and 623 females, a total of 1,011. As many as 72 patients have been dealt with under Sec. 79 of the Lunacy Act.

The private patients number 129, including 34 "Service" and 3 "Ex-service."

There are 11 Out-County patients, but the contract as to the Brighton patients is terminated.

The maintenance rate for home patients is 21/7, and for private patients from 35/- to 42/-.

The Nursing Staff consists of: —

Charge Male Nurses	9
Ordinary Male Nurses	44
Charge Female Nurses	15
Ordinary Female Nurses	60

for day, and 8 and 11 respectively for night duty. Those registered or certificated in mental nursing number 34 males and 29 women.

There have been 8 cases of entertic fever, 4 of each sex, amongst the patients, and three members of the staff have also contracted

the disease with, we regret to say, one fatal result. This small epidemic was investigated by one of our Board's Medical Inspectors and a conclusion was arrived at that, with one exception, all the cases could be traced to the same source, the infection spreading from the female to the male side through the foul laundry. Since then better precautions have been taken with this laundry to prevent further risk, but we made one further suggestion in regard to it to Dr. Coombes. In the excepted case, that of a Nurse, there appeared to be evidence that she was infected whilst away from the hospital. One "Carrier" is now kept in isolation.

There were also three cases of diphtheria and one of scarlet fever in the children's ward and 10 cases of diarrhœa, one of which was recorded as being a dysenteric case. Of these 10 cases, 3 died, but in no case was the diagnosis confirmed by tests in the laboratory. We consider that such tests should be the invariable rule and their omission emphasizes the necessity for the appointment of a skilled laboratory assistant, as was advocated by our colleagues at the last visit. The whole time of the three Assistant Medical Officers must be taken up in the clinical examination and treatment of the 1,019 patients, and it cannot be expected that they should also be able to spend the necessary time for these and other routine tests in the laboratory.

Apart from the above the health of the patients appears to have been good, and there was little sickness in the Hospital to-day, the majority of those in bed being recent cases, infirm or under treatment for mental reasons. The sick and admission wards, though somewhat lacking in hot bottles and bed tables, which we understand are to be increased, are well equipped, and the patients in them were receiving careful nursing, but we thought greater use might be made of the verandahs for those needing treatment in bed, especially in the admission wards.

The Hospital is equipped with an operating theatre, a dental room, an X-ray and violet ray department and continuous baths for use in the admission hospital.

All the 114 deaths were due to natural causes, but the cause was verified by post-mortem examinations in only 75 of the deaths. No inquest has been held.

Only four patients, 3 women and 1 man died from tuberculosis, and it was surprising to see that only one patient, a man, is now known to be suffering this disease in an acute form.

(Signed) S. J. FRASER MACLEOD,
A. ROTHERHAM,
Commissioners of the Board of Control.

STATISTICAL TABLES

FOR THE

ANNUAL REPORT

RELATING TO THE

BROOKWOOD MENTAL HOSPITAL

For the Year ended

DECEMBER 31*st*, 1929.

RETURN OF SUPERANNUATION ALLOWANCES

awarded to and being enjoyed by retired Asylum Officers on the 31st December, 1929, such Superannuation Allowance being authorised under the provisions of the Asylums Officers' Superannuation Act, 1909.

* £7 8s. 5d. recoverable from Lancs. County Asylum, Whittingham, Visiting Committee.

TABLE 1.

Showing the Admissions, Re-admissions, Discharges and Deaths, during the year ended 31st December, 1929.

	M.	F.	T.	M.	F.	T.
In the Hospital, January 1st, 1929 ...				553	835	1388
Cases admitted :—						
First admissions	109	110	219			
Not first admissions	14	27	41			
Re-transfers	—	—	—			
Total cases admitted during the year ...				123	137	260
Total cases under care during the year ...				676	972	1648
Cases discharged and died :—						
Recovered	21	41	62			
Relieved	15	15	30			
Not improved	15	17	32			
Died	56	70	126			
Total discharged and died during the year				107	143	250
Remaining in the Hospital, December 31st, 1929				569	829	1398

Average number resident during the year	570	837	1407
Persons under care	676	972	1648
Persons admitted	123	137	260
Persons recovered	21	41	62
Transferred from other Mental Hospitals	11	13	24
Transferred to other Mental Hospitals	14	17	31
Greatest number resident	586	844	1430
Least ,, ,, ...	553	834	1387

TABLE 1A.

Showing (1) *the Previous Attacks among Persons Admitted during the year* 1929, *and* (2) *the Number of Times they had Previously Recovered in this or any Mental Hospital.*

(1) Number of Previous Attacks.	Persons		
	M.	F.	Total.
Have had 1 attack	16	6	22
,, 2 attacks	3	6	9
,, 3 ,, ...	1	5	6
,, 4 ,, ...	—	3	3
,, 5 ,, ...	2	2	4
Over 5 attacks	—	—	—
Totals	22	22	44

(2) Number of Times Patients Recovered.	In this Mental Hospital.			In any other Mental Hospital.		
	M.	F.	T.	M.	F.	T.
Once	9	8	17	8	6	14
Twice	4	4	8	1	1	2
Three times	1	3	4	—	3	3
Four ,, ...	—	1	1	—	1	1
Five ,, ...	1	1	2	—	—	—
Over five times	—	—	—	—	—	—
Totals	15	17	32	9	11	20

TABLE 2.

Showing the Admissions, Re-admissions, Discharges and Deaths, from the opening of the Hospital on the 1st June, 1867, to the 31st December, 1929.

	M.	F.	T.	M.	F.	T.
Persons admitted during the period 62½ years	7575	9000	16575			
Re-admissions owing to relapse ...	848	1054	1902			
Re-transfers	198	174	372			
Total cases admitted				8621	10228	18849
Cases discharged and died—						
Recovered	2305	2932	5237			
Relieved	672	1081	1753			
Not improved	1822	2120	3942			
Died	3253	3266	6519			
Total cases discharged and died since the opening of the Hospital				8052	9399	17451
Remaining 31st December, 1929 ...				569	829	1398
Average numbers resident during the 62½ years ...				430	626	1056
Transferred from other Mental Hospitals				1452	2201	3653
Transferred to other Mental Hospitals				1693	2153	3846

TABLE 2A.

Showing the Admissions and Recoveries of Persons from the 1st June, 1867, to the present date, December 31st, 1929

62½ *years.*

	M.	F.	T.
Persons admitted during the 62½ years	7575	9000	16575
Persons discharged recovered during the same period, being 26·86 per cent. of persons admitted* ...	1936	2505	4441
Of whom were re-admitted relapsed	712	845	1557
Recovered persons who have not relapsed	1224	1660	2884
Relapsed persons discharged recovered	365	427	792
Net † recovered persons, being 22·18 per cent. of persons admitted	1589	2087	3676

* Persons, *i.e.*, separate persons in contradistinction to cases which may include the same individual more than once.

† *i.e.*, Recovered persons sane at the present time so far as the Hospital statistics show.

TABLE 3.

Showing the Admissions, Discharges and Deaths, with mean Annual Mortality, and Proportion of Recoveries per Cent. of the Admissions for each year, since the opening of the Hospital.

Year.	Admitted.			Discharged. Recovered.			Discharged. Relieved.			Discharged. Not Improved.			Died.			Remaining Dec. 31 in each year.			Cases deemed curable remaining on Dec. 31 in each yr.	Average Numbers resident.			Percentage of Recoveries on Admissions.			Percentage of Deaths on average Numbers resident.

W. HALL, Responsible Accounting Officer.
Clerk to Visiting Committee.

30th day of June, 1930.

I hereby certify that I have compared the entries in this Financial Statement with the accounts of the Local Authority relating thereto and that the regulations with respect to this Statement have been duly complied with.

I hereby further certify that I have ascertained by Audit the correctness of this Statement, and that the expenditure of the said Authority during the year ended the 31st day of March, 1930, included in this Statement and allowed by me at Audit is One Hundred and Ninety-nine Thousand, and One Hundred Pounds, Three Shillings and Eightpence.

As witness my hand this 30th day of June, 1930.

S. W. JARVIS, Assistant District Auditor.
